INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of the Monterey, Pacific Grove, Carmel City, Seaside and Del Rey Oaks Directory, as well as more than 850 other city, county, state and national directories, present to subscribers and the general public this, the 1958 edition of the above directory, which also includes a directory of the rural free delivery box holders on the Carmel and the Big Sur Valley routes.

Confidence in the continued growth of Monterey and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Monterey and vicinity to the world.

The enviable place occupied by R. L. POLK & CO.'S directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that this directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four essential departments are arranged in the following order:

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Monterey, Pacific Grove, Carmel, Seaside and Del Rey Oaks, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns for Monterey, Pacific Grove, Carmel, Seaside and Del Rey Oaks is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Monterey and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Monterey, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are ar-

ranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and telephone numbers as supplied to us on canvass are shown opposite the name. There are similar sections for Pacific Grove, Carmel and Seaside.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Monterey, Pacific Grove, Carmel and Seaside is the fourth major department, printed on blue paper.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Monterey and vicinity, for business men everywhere realize that the City Directory represents a community as it really is.

The Monterey Directory Library

Through the courtesy of the publishers of the Monterey, Pacific Grove, Carmel and Seaside Directory, a Directory Library is maintained in the offices of the Monterey Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the directory as an advertising medium, with assurance that it will bring a commensurate return.

Industry and Labor Market--Only a few light industries and research centers in addition to three fish canneries remaining in operation. Employment dependent upon tourist trade is seasonal with peaks between months of May and October. Office and retail sales positions for women are normally in fair abundance.

GENERAL REVIEW

Most of the early day charm of California's first capital (from 1776 to end of 1849) under the Spanish and later under the Mexican flag is retained in the historic buildings and homes of the old town. Monterey's numerous residential districts provide beautiful natural settings for homes and gardens of people from all parts of the world who come here to take advantage of the mild climate and the warm hospitality of "Old Monterey." Here the first Constitution of the State was written at Colton Hall. Monterey became the capital of California in the same year that Philadelphia became the capital of the Atlantic colonies. The port of Monterey was named in 1602 by Sebastian Viscaino—18 years before the Pilgrims landed at Plymouth Rock.

In 1770 Father Serra founded the San Carlos Mission which he later moved to Carmel. The San Carlos church is still in use and contains the vestments of Father Serra while his body is interred in the Carmel Mission.

Started by Mexico in 1827 and completed in 1846, the Custom House has flown the flag of two nations from its flagpole. Here Commodore Sloat first raised the stars and stripes when the United States formally took California in July 1846. It is the oldest governmental building in California and is now owned by the State of California as a historical monument and is maintained by the Parks Commission as a historical museum.

Monterey is rich in historic lore and tradition and many fine old buildings, some of them the inspiration for the Monterey type homes which are now popular in many parts of the world, have been faithfully preserved and have proven a source of inspiration and pleasure to visitors and residents alike.

Aside from recreation, which amounts to industry in this region, commercial fishing is still an important part of Monterey. At one time Monterey Harbor was a center of the sardine fishing and canning of the West Coast. The fishing industry began in 1904 when F. E. Booth established the first cannery for processing the sardines in Monterey. Later it had developed into a million dollar industry with a $20,000,000 canning and processing plant in the Cannery Row in Monterey and some sixty purse sein type fishing vessels, valued at approximately $6,000,000 at the Monterey Harbor. After the disappearance of sardines in 1950 and 1951 the purse seiners went for their catches all the way from Alaska to the Gulf of Mexico and into the South American waters. Since the 1949-50 season, when the dollar turnover was $22,143,142.00, one of the highest in the history of Monterey, the canning has been diminishing until at the present time most of the canneries have been closed down, dismantled and converted to other types of industry.

Artists were on the Monterey Peninsula when Robert Louis Stevenson came in 1879. They have lived and worked here ever since, and with good reason. The place has been a haven for them. They can work out of doors every month of the year. It's so insistently beautiful they never become unaware of that beauty. Land and sea have never met more spectacularly than at the Monterey Peninsula and color is brilliant under sun and intense when muted by fog. Living can be simple and fairly inexpensive and the atmosphere is conducive to creative thought.

The first newspaper was born in California—at Monterey, August 15, 1846, although it was printed on material "used to envelop the tobacco of the cigar smoked here by the natives." The editor and founder was Rev. Walter Colton, chaplain on Commodore Stockton's frigate Congress.

The presidio of Monterey was founded by the Spaniards in 1770 and

for many years was the headquarters of the 11th U. S. Cavalry. At present it is the U. S. Army Language School where 2,000 students are taking specialized work in 28 foreign languages.

Fort Ord, six miles north of Monterey, is one of the west's largest Army training installations.

The U. S. Naval Postgraduate School, located in the former Hotel Del Monte, is composed of the General Line School and the Engineering School and has about 1,100 officer students.

Transportation—Local bus connection to Monterey, Seaside, and Carmel. Southern Pacific Railway and Greyhound bus lines. Convenient connections to Monterey Peninsula Airport (Southwest Airway and United Air Lines).

Museum—An excellent museum of Natural History with emphasis on sea life in the area.

GENERAL REVIEW

Pacific Grove, city of homes and home-loving people, lies adjacent to Monterey toward the northern tip of the Monterey Peninsula. Founded as a religious retreat, in 1869, the town has grown into a prosperous and beautiful city. In 1879 the second Chautauqua in the United States was founded here.

The motorist will find attractions in Pacific Grove to make this stay one of pleasure.

For the Tourist

The tourist will find plenty of things to do and see here—Wonderful Marine Gardens to explore in glass bottom boats. Boating and bathing enjoyed under safest conditions. Experience the thrill of angling for gamest of fish.

Municipally Owned

Nine-hole golf course, in charge of expert professional.

A number of tennis courts, roque court and horse-shoe pitching.

Heated salt-water plunge. Spring boards and life guard.

Softball field, with grandstand seating 500.

A number of supervised children's playgrounds.

Three miles of beautiful planted coast line with parking areas.

The greatest number of public parks of any city of its size in the State.

A $40,000 Natural History Museum, one of the most complete of its kind. Its exhibits are visited by leading scientists from everywhere.

Butterfly Festival

The City welcomes annually the visit of the Monarch Butterflies. They come from as far north as the Canadian Rockies in late October and leave in March, and have been doing so since time immemorial.

The school children welcome the butterflies each year in a very colorful parade. In 1958 the parade will be Saturday Oct. 18th at 10:30 A. M.

Pacific Grove Has Unique Personality

Pacific Grove is one of the most all-American cities in California. In its people, it is almost a bit of New England transplanted to the California coast. That is reflected in its many churches, customs, homes, personality, great voting capacity in elections, public interest in public affairs. Its people are almost entirely American for several generations past, and here they have built a beautiful city of homes where lawlessness of any sort is practically unknown. It is a city of well-kept gardens and flower lovers.

The beaches and rocks along this part of the coast offer wonderfully engaging games of "finding things" at low tide. It is natural, therefore, that at Pacific Grove has been located the Hopkins Marine Biological Laboratory branch of Stanford University where intensive study of biology is carried on under the direction of a faculty of illustrious scientists.

The most beautiful vistas on the scenic Seventeen-Mile Drive are found on the sightseeing trip from Pacific Grove around the Drive and through Pebble Beach to Carmel.

There are many entrancing walks and bridle paths to be found in the pines behind the town.

Here are unequalled motor roads leading to wonderful drives and to a hundred and one natural points of interest.

Fort Ord, a large military camp, is but twelve miles from Pacific Grove.

Follow the butterflies to Pacific Grove, Butterfly Town, U. S. A.

CARMEL

STATISTICAL REVIEW

(Courtesy Chamber of Commerce)

Location—Situated on the Bay of Carmel in the southern bend of the Monterey Peninsula. On California Highway No. 1, it is 128 driving miles to San Francisco and 340 miles to Los Angeles.

Date of Founding—1770, Carmel Mission established by Father Junipero Serra. In the early 1900's the village of Carmel began its growth around a brilliant group of young artists and writers.

Date of Incorporation--October 31, 1916.

Form of Government—City Council.

Population—Carmel incorporated 4,398. Unincorporated 4,268.

Area--Seven-eights square mile, or 560 acres.

Building and Construction—1955, 143 permits, (Carmel incorporated) value, $1,201,737.00. 1956, 155 permits (Carmel incorporated) value $1,042,925.00.

Banks--2.

Churches—5.

Motels--38, also numerous guest houses with comfortable, but limited accommodations.

Hotels--8, four with dining rooms. Both European and Americar. plan.

Transportation—Carmel is served directly from Monterey by the local Bay Rapid Transit Company. It is within ten to twenty minutes service to Southern Pacific Railroad, Southwest Airways, United Air Lines and Pacific Greyhound Bus Lines. Located on the scenic Highway No. 1, it is convenient by highway to both Los Angeles and San Francisco.

Recreation and Amusements—Situated on a beautiful mile long curve of beach makes beach life a major recreation. Excellent golf courses nearby, tennis, sailing, horseback riding, and bicycling are among outdoor sports enjoyed. Culturally the town is active in music, art and the theatre, with topnotch guest artists presented by the Carmel Music Society, the fine Monterey County Symphony Association, the Annual Bach Festival, smaller groups of Chamber Music and jazz concerts. Two movie theatres, one theatre-in-the-round, and a number of little theatre groups provide excellent theatrical productions. Arts and Crafts galleries, the well known Carmel Art Association and private galleries are at hand for art lovers.

Hospitals--1, a few rest homes.

Schools--4 public elementary, 1 public high school, 1 parochial elementary school, 2 private schools, and several private nurseries.

Library--1, with 36,366 volumes.

Newspapers--1 weekly.

Climate—Mean average temperature of 55 F, average annual rainfall of 15 inches.

Industry—None. Trade directed primarily toward tourists.

Agriculture—Nearby Carmel Valley under cultivation to small extent mainly in artichokes and strawberries.

GENERAL REVIEW

When the famous Spanish explorer, Don Sebastion Vizcaino, sailed into the nearby harbor of Monterey in the year 1602, there were two Carmelite Friars aboard ship. They asked permission to name the region to the south of Monterey for the order to which they belonged. Thus, Carmel was named, but it was not until the year 1770 that Mission San

Carlos Borromeo was constructed, and the famed Mission still stands and is in active use. Here are the burial places of Father Junipero Serra and Father Lasuen.

The city of Carmel-by-the-Sea, is an unusual setting of scenic beauty, has a distinctive and picturesque charm. An informal, indivualistic community, it is situated on the pine and oak wooded slopes rising fan-wise from Carmel Bay and the mile-long beach of white sand. The beach has been kept free of commercial enterprises, and the delightful small business section begins about $\frac{1}{2}$ mile from the beach. There are zoning restrictions against most industrial activities, and the small shops of English, Spanish and fairytale architecture deal in staple and luxury goods, handicraft, gift and art merchandise.

The population of Carmel is cosmopolitan with many world-famous artists, writers, poets, actors and retired military personnel residing in the lovely residential sections. There are excellent schools, library, hospital, art gallery and theatres.

Date of Founding—1900.

Government—Local Districts 6th class city--Mayor and 4 Councilmen, City Manager.

Population—18,000.

Elevation—4 to 400 feet.

Area—Four square miles.

Climate—An average mean temperature of 56 degrees F; average rainfall 16 inches.

Date of Incorporation—Oct. 13, 1954.

Parks—2.

Assessed Valuation—$12,170,000.

Churches—26.

Newspapers—1 weekly.

Transportation—Bay Rapid Transit, Greyhound, Southern Pacific.

Education—5 elementary schools, 1 junior high school.

Civic Organizations—Lions, Rotary, Whiskerinos, V. F. W., "Slow Pokes," American Legion, Women's Civic Club, Business & Professional Womens Club, Youth Center, Optimists, Kiwanis, Quota, Crusaders and Masonic Club.

Statistics—Seaside recently withdrew from the Seaside Fire District, and has established their own Fire Department. They were originally 82 percent of the District and will employ all personnel employed by the District and all equipment. Negotiations are now underway for the protection of Del Rey Oaks and the unincorporated areas. Has a minimum building code, compulsory garbage and is operating the Seaside Disposal District with a modern sewage plant; an active Chamber of Commerce; operates its schools through Monterey High School and Elementary districts. A city General Plan and recently received government money to make a study of an Urban Renewal plan in a 22 block area of 2 million dollars. The growth of the city as shown by the following figures: 1930-800; 1940-2,500; 1950-10,226; 1958-21,750 (including unincorporated area). Petitions are being circulated to incorporate the 208 acres to the east of the city, into the city of Seaside at the present time.

GENERAL REVIEW

Joining the east limits of Monterey is Seaside, California.

The area was founded by Dr. L. D. Roberts, who developed it from grazing land for cattle into a thriving community of 18,000 persons. Dr. Roberts was a county supervisor for more than 20 years and was also largely responsible for the construction of the famous Coast Road between Carmel and San Simeon. He also aided in negotiations for the government purchase of Fort Ord Reservation which borders Seaside on the North and East.

Seaside potentially is the greatest district on the Monterey Peninsula for industrial development. It has considerable vacant property along the beaches of the Monterey Bay and along railroad lines. There are two main highways and a regular stop for the Southern Pacific trains.

The area is only a few minutes drive to the myriad of recreational facilities on the Monterey Peninsula, including Carmel, Pebble Beach, Carmel Valley and Big Sur.

Living within its borders are thousands of Army and Navy personnel

who are stationed at Fort Ord and at the Navy General Line School and Army Language School.

The area is only a few minutes drive to the myriad of newspaper and numerous civic and patriotic organizations. It has a new, modern theatre and many modern buildings.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

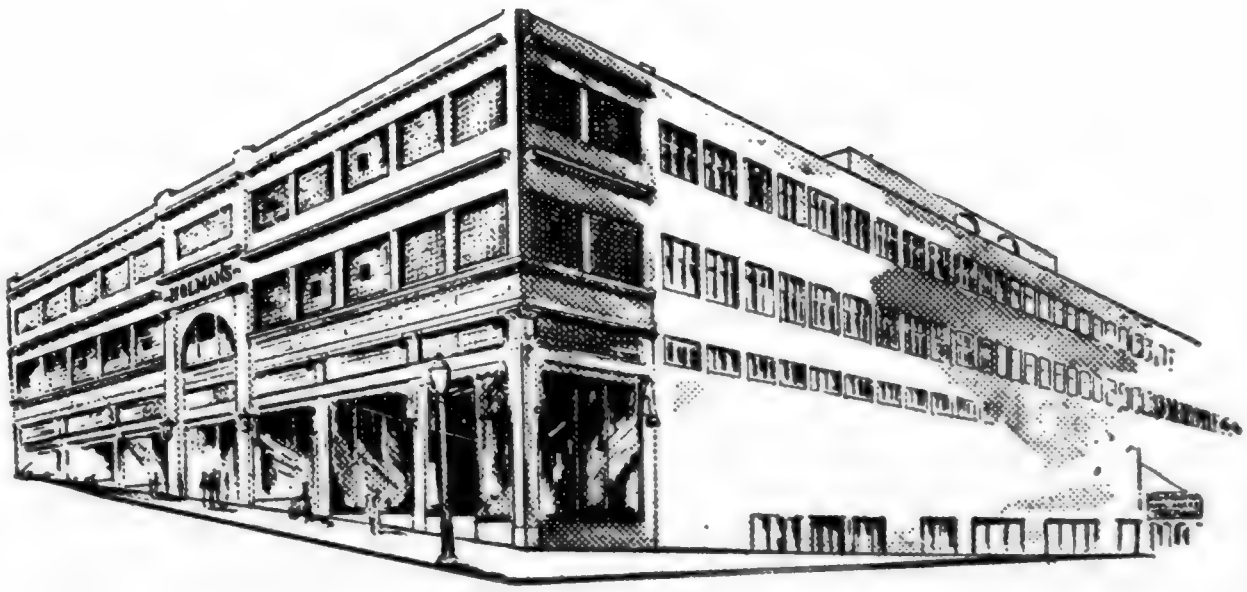

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising —aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising —tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

"r"— RESIDENT

"h"— HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Mr. Citizen!. . . . . .

Correct Information Is Valuable to You!

¶Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

R. L. Polk & Co.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

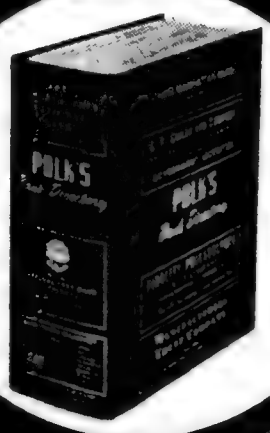

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

Consult the Classified Business Lists In This Directory

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1958

Copyright, 1958, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

1958

Copyright, 1958, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

POLK'S

PACIFIC GROVE

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1958

Copyright, 1958, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Your City Directory has
HUNDREDS OF USES AND APPLICATIONS

BUYING

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or street.
Routing salesmen to avoid lost motion in reaching prospects.
Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE (*and Collections*)

Running down delinquent debtors.
Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete delivery of mail.
Effecting delivery of messages and parcels erroneously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

USE OUR LIBRARY OF

Out-of-Town CITY DIRECTORIES

• We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

POLK'S
SEASIDE

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1958

INCLUDING DEL REY OAKS

Copyright, 1958, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

"Think It Over"

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
